Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Adriana Riviere-Badell at LF Dealmakers Forum: Litigation Funding Opportunities in Cross-Border Disputes

September 19, 2022

For litigation funders and investors in legal assets, one of the most fruitful areas of opportunity is the enforcement of judgments, arbitral awards and other claims within a cross-border dispute. Kobre & Kim's Adriana Riviere-Badell will discuss how litigants and funders can work together to maximize recoveries during the Fifth Annual LF Dealmakers Forum on a panel at 9:30 am New York time, September 29, 2022.

The panel, entitled "A World of Opportunity: Investing in Cross Border Disputes & Enforcement," will explore emerging trends in cross-border disputes and enforcement; moving past claims and awards; putting together a winning team; and managing risk. Ms. Riviere-Badell will be joined by moderator Rebecca Berrebi of Avenue 33; Neil Purslow of Therium Capital; Joshua Weisser of Contrarian Capital; and Boris Ziser of Schulte Roth & Zabel.
